

# Public transportation to the PTRC clinic

THE UNIVERSITY OF BRITISH COLUMBIA  
Physical Therapy & Research Clinic  
Faculty of Medicine

The **UBC Physical Therapy & Research clinic** is located in Room 244 of the Friedman Building, at **2177 Wesbrook Mall** on the UBC Campus. The public entrance is on the north side of the building. There is an elevator in the main lobby. The clinic phone number is: 604-827-6959.

Please refer to the online [Google parking map](#) for an overview of the bus stops and terminus locations.

## ***The University campus is served by a large number of bus routes:***

Busses 44, 84, 99 have their terminus stop at the **main diesel bus loop** (known as 'The Exchange'), which is the closest stop to our building.\*

**Directions from stop:** *Walk up (east) to the main road, Wesbrook Mall. Turn right and follow the road, crossing at the lights at University Blvd. (identifiable by the huge 'UBC' letters in the intersection). Cross and continue walking south, past the Shoppers Drug Mart on the corner. Directly past the Shoppers you will see a breezeway to your right. Turn there, and take the stairs or ramp down to the parking area. You will see the Friedman Building to your left.*

*The Exchange is a 3-5 minute walk from our building.*

Busses 4 and 14 have their terminus stop at the **trolley bus loop** on University Boulevard, which is closest to our building.\*

**Directions from stop:** *Find the access road between the D.H. Copp Building and the Mahony and Sons restaurant. This will take you to the parking lot, with the Friedman Building straight ahead of you.*

## ***Please note:***

- Busses 25, 33, 41, 43, 49, 70, 480 northbound on Wesbrook Mall have a stop directly east of our building area. The stop is called "2100 Block."
- Busses 4, 14 and 99 also have a slightly closer stop one earlier than their terminus stops; you may choose to exit the bus on University Boulevard. The stop is called "Allison Road." Be aware that you do have to cross the major intersection in two directions, so it may be more convenient to get off at the terminus stop.
- See online [Google parking map](#) for bus stop locations.
